CHILD BUDGET STATEMENT: 2026-27

INTRODUCTION:

Children are the foundation of a prosperous and sustainable future, and investing in their well-being is crucial for the overall development of society. Recognizing this, the Government of Andhra Pradesh has prioritized child-centric policies and budgetary allocations to ensure their rights, protection, and holistic development. The Child Budget Statement (CBS) 2026-27 is a step towards integrating a child rights-based approach into governance, ensuring that financial resources are effectively allocated to improve children's health, education, nutrition, protection, and overall well-being.

The Child Budget Statement (CBS) 2026-27 aligns with national and international commitments, including the United Nations Convention on the Rights of the Child (UNCRC), which India ratified in 1992. The UNCRC provides a comprehensive framework for ensuring children's rights to survival, development, protection, and participation. Furthermore, this budgetary exercise contributes to achieving the Sustainable Development Goals (SDGs), particularly SDG 1 (No Poverty), SDG 2 (Zero Hunger), SDG 3 (Good Health and Well-being), SDG 4 (Quality Education), and SDG 16.2 (Ending abuse, exploitation, trafficking, and all forms of violence against children).

The Government of Andhra Pradesh has consistently emphasized child welfare through various legislative and policy frameworks. The Juvenile Justice (Care and Protection of Children) Act, 2015 provides a legal foundation for protecting vulnerable children, ensuring rehabilitation, and promoting a child-friendly justice system. Similarly, the Protection of Children from Sexual Offences (POCSO) Act, 2012 strengthens mechanisms to safeguard children from sexual abuse and exploitation. Additionally, initiatives under the Right to Education (RTE) Act, 2009, the National Food Security Act, 2013 (which includes the Mid-Day Meal Scheme), and various child protection programs have reinforced the state's commitment to child welfare and empowerment.

The CBS 2026-27 is structured to assess and track budgetary allocations for child-centric programs and schemes, ensuring transparency and accountability in government spending. It highlights sector-wise allocations, key interventions, and measurable outcomes aimed at addressing challenges such as malnutrition, child labor, trafficking, school dropouts, child marriage, and gender disparities. The statement also underscores the government's commitment to enhancing social safety nets, ensuring equitable access to essential services, and fostering an environment where every child can thrive. By adopting a child-responsive budgeting approach, the Government of Andhra Pradesh aims to create an enabling environment where children are protected, nurtured, and empowered. The Child Budget Statement 2026-27 serves as a crucial step towards fulfilling constitutional mandates and global commitments, ensuring that every child in Andhra Pradesh has the opportunity to grow, learn, and develop to their fullest potential.

The Child Budget Statement is presented in two parts:

- **Part A** reflecting the schemes that are 100 per cent targeted towards children, and
- **Part B** reflecting schemes in which less than 100 per cent allocations are made for children.

Major allocations and expenditures on children are in the Departments of Education, Social Welfare, Women Development and Child Welfare, and Health and Family Welfare Department. Further, children are expected to benefit directly or indirectly from other budgetary allocations and expenditures in other Departments under social and economic sectors.

The Department wise allocation covers three types of activities:

- Support Schemes and Welfare Measures
- Beneficiary oriented Schemes (Self Employment / Economic support)
- Creation of Permanent Infrastructure

Methodology for Budget allocation in the Child Budget Statement:

For Schemes exclusively benefitting children, of Scheme cost has been allocated and accounted for.

For General Schemes benefitting children along with others, the Scheme cost has been allocated and accounted for, in proportion to the children covered.

In respect of non-divisible infrastructure works, a portion of the Scheme cost as determined by the Government has been deemed to have been dedicated to children.
